

2023 Spring Senior Resident Course Transition to Practice for Senior Residents

Date: Saturday, March 4, 2023

Time: 9:00am – 12:00pm EST

Course Description: This course is being offered primarily as a flipped classroom. Course faculty have prepared a variety of modules to prepare you for the interactive sessions that will be held during the course in March. Taking the time to review each module in advance will make the upcoming course more effective. You are encouraged to write down questions related to the material. Our goal in providing this as a flipped classroom is to devote most of our time together to discussion and Q and A while referencing the modules. Faculty will give short overview presentations only for each section.

Course Co-Directors:

- Deborah L. Benzil, MD, Cleveland Clinic
- Christopher J. Winfree, MD, Columbia University

Meeting Agenda
